Submitting your Supporting Letter 2025

Scholarship candidates are required to submit a supporting letter as part of their application. Your supporting letter must come from either: your science teacher or guidance counsellor.

Your supporting letter, written on paper with the **school letter head**, must confirm the following:

- Your interest in the program
- Why you should be considered for a scholarship

DO NOT SUBMIT THE SUPPORTING LETTER YOURSELF! Any supporting letters submitted by students/parents/guardians will not be considered. Please have your teacher/guidance counsellor submit the letter of support via email using their **official school email address**. Please have them email us at **med.ysp@utoronto.ca**. Once we receive the letter, we will upload it for you onto the registration system.

In the email have them include:

- In the subject line: applicant's full name, Scholarship Supporting Letter
 - e.g. Jane SMITH, Scholarship Supporting Letter
- Attach the letter as a PDF file

As with all the other supplemental documentation, the supporting letter should be sent to us by **April 30, 2025**. If you have any questions about submitting your supporting letter or any other questions about the application, you may contact us at med.ysp@utoronto.ca.
